

eNACSO MEMBERS' UPDATE - MARCH 2013

Introduction

Dear Members,

After these first months of hand-over and planning, we are ready to invest more energy on communication and visibility. We realised that a sporadic and long 3-6 months newsletter is not effective, while a short update is simpler to prepare and easier to read. This Members' Update will be sent every 2-3 weeks - but frequency may change according to the needs - with the aim to collect and provide you all the relevant information. The Periodic Update will be one of our communication tools that comprise the website, twitter, ad hoc press releases\conference and articles.

Hot News

Three New Members join the network

We are glad to welcome [Save the Children Norway](#) and [Child Focus \(Belgium\)](#) as new Members and [Narodni centrum bezpecnejsiho internet \(NCBI\) \(Czech Republic\)](#) as new Associate of the network.

Nowadays eNACSO comprises 27 NGOs, 19 Members and 8 Associates.

New Call for Proposal is about to be published

The last Safer Internet Programme calls for proposal will be issued in the next days. The deadline is the 14th of May 2013.

The draft call on the Thematic Network for Child Protection on the Internet, the one that is funding eNACSO III, has the same priorities and budget of the last one.

The new application form is not out yet, but you can check the templates that were required to the partners in the last call following this [link](#).

eNACSO Child Participation Working Group

Considering the high level of interest raised by presentations from the experts and the members, we reduced the time of discussion and we couldn't organize the Child Participation Working Group. Therefore, we propose to arrange the next meeting online in the second week of April. You are invited to give your availability through the following [link](#) by the 31st of March.

Link with eNACSO

We opened a Twitter account and we are revamping our website. All the members are invited to verify that their websites have a link to eNACSO and to follow our Twitter.

Save the Date

Conference on the global fight against online child sexual abuse content in the European Parliament in Brussels is now just three weeks away! There are still places **left and registration** is possible via www.iwf.org.uk/conference.

The 1st Children's Forum in ICANN - 2013.04.07-11 Beijing

5 days Forum alongside with the ICANN meeting will be held, inviting 10 children's groups or child-led organizations from all over the world, each team with 2 children representatives and 1 adult supporter to participate. There will be sessions to introduce ICANN, discuss the way forward, build the connections and participate in ICANN's meeting and public forum, so as to encourage children speaking for themselves on the Internet issues and policies related to them ([to know more](#)).

eNACSO Events

eNACSO Members' Meeting in Rome

eNACSO held the general Members' Meeting in Rome on the 21-22 February 2013. All eNACSO members participated and three prominent experts gave a speech: **Agnes Nairn**, "*Selling to Children on the Internet*", **Helena Sandberg**, "*Children's exposure to and understanding of online advertising*", **Enrica Farci** "*Watching the world through children's eyes*". Moreover, we hosted presentations for the members, working groups, campaigns...(to know more you can download [here](#) the report and the presentations).

Preparatory events for the EuroDIG and IGF 2013

eNACSO's Staff is participating in the preparatory meeting for the new [EURODig](#) and [IGF](#). The EuroDIG will be held in Lisbon on the 20-21 June 2013. eNACSO is the coordinator of the session of child protection and will held one session.

News on Online Child Safety

Starbucks - porn providers to the world

WiFi access is available in every Starbucks coffee shop in the UK. BT is the WiFi supplier. Until recently Starbucks UK applied no restrictions to their WiFi connection. This meant the company was providing access to every kind of ...([to read more](#)).

The Guardian - Why am I banned from following my teachers on Facebook and Twitter?

Pupil-teacher interaction outside of the classroom is fraught with dangers, but Lizzie Deane, 16, can't understand why her Manchester school doesn't embrace social media ([to read more](#)).
